

Time to upgrade your Business Internet Services!!!!

Air Fiber Internet: Up to 900Mbps

New fiber coming in limited areas and speeds up to 1Gbps

Last of all but not least Residential. People have been asking for years for a lower cost higher performing internet than the current Wireless ISP's, Cable, or Fiber. It will be here shortly a link the to our residential Sister company will be coming soon!!

Thank You, to all of my customers and the community who has embraced SkyNet Communications.

Please Call or e-mail for pricing.
